1. INTRODUCTION

The Municipal Finance Management Act (MFMA) assigns specific oversight responsibilities to Council regarding the Annual Report and the preparation of an Oversight Report.

Given the processes required by Council to effectively undertake its oversight role, the establishment of an Oversight Committee of Council would provide the appropriate mechanism in which Council could fulfil its oversight responsibilities.

The Municipal Public Accounts Committee (MPAC) is one such committee at the Ugu District Municipality

The MPAC's primary role has been to consider the Annual Report, receive input from the various role players and to prepare a draft Oversight Report for consideration by Council.

2. BACKGROUND

The oversight role of Council is an important component of the financial reforms and it is achieved through the separation of roles and responsibilities between Council, the Executive (Mayor and Executive Committee) and Administration. Good governance, effective accountability, and oversight can only be achieved if there is a clear distinction between the functions performed by the different role players.

Non-executive Councillors are required to maintain oversight on the performance of specific responsibilities and delegated powers that they have given to the Executive (Mayor/Executive Committee). In other words, in exchange for the powers which Council have delegated to the Executive, Council retains a monitoring and oversight role ensuring that there is accountability for the performance or non performance of the municipality.

The Municipal Finance Management Act, No.56 of 2003 (MFMA) vests in Council specific powers of approval and oversight.

- ✓ Approval of budgets.
- ✓ Approval of Budget related Policies; and
- ✓ Review of the Annual Report and adoption of the Oversight Report.

3. FUNCTIONS OF THE OVERSIGHT COMMITTEE

The functions of the Oversight Committee are to:

- ✓ Undertake a review and analysis of the Annual Report.
- ✓ Invite, receive, and consider inputs from Councillors and Portfolio Committees, on the Annual Report.
- ✓ Consider written comments received on the Annual Report from the public consultation process.
- ✓ Conduct Public Hearing(s) to allow the local community or any organs of state to make representations on the Annual Report.
- ✓ Receive and consider Council's Audit Committee views and comments on the annual financial statements and the performance report.
- ✓ Preparation of the draft Oversight Report, taking into consideration, the views and inputs of the public, representative(s) of the Auditor-General, organs of state, Council's Audit Committee and Councillors.

4. COMPOSITION OF OVERSIGHT COMMITTEE

4.1 Membership

The MPAC is a committee of Council established under section 79 of the Municipal Structures Act, 1998. Section 79 allows for the co-option of advisory members to a Committee of Council, who are not members of the Council.

Due to the separation of roles and responsibilities, between Council and the Executive (Mayor and Executive Committee) it is not appropriate that members of the Executive Committee be members of the MPAC.

4.2 Authority & Power

The MPAC is delegated the responsibility to conduct meetings and to hold public hearings to receive and hear public submissions on the Annual Report, on behalf of Council.

Timely notice of all meetings should be given, and all meetings held by the MPAC must be open to the public and minutes of the meetings must be submitted to Council meetings.

4.3 Meeting Schedule

The Annual Report submitted to Council at its 27 May 2021 meeting, was referred for public participation and input on the Report. The community was advised through the print media of the availability of the Annual Report and were invited to submit representations on the report.

The Annual Report was available at all municipal libraries and offices and was also placed on the UGU District Municipality website. The Annual Report was submitted to the Auditor-General, Provincial Treasury and the Department of Local Government and Traditional Affairs.

At the closing date for public submissions of 21 June 2021, no submissions were received.

Below are comments received from CoGTA on the Annual Performance Report

APR Review 26 October 2020: Comments on the 2019/2020 Annual Performance Report for Ugu District Municipality

1. COGTA Municipal Performance Monitoring, Reporting and Evaluation Unit has analysed the 2019/2020 Annual Performance Report.

2. The Legislative requirement is: The Municipal Systems Act No. 32 of 2000, (Section 46) states: A Municipality must prepare for each financial year a performance report reflecting:

- a) The performance of the Municipality and of each external service provider during that financial year; and
- b) a comparison of the performances referred to in paragraph (a) with targets set for and performances in the previous financial year; and
- c) measures taken to improve performance; and an annual performance report must form part of the Municipality's Annual Report in terms of Chapter 12 of the Municipal Finance Management Act. 3.

In the assessment of the Draft APR that was provided to the Department the following findings and recommendations are made for your consideration prior to submission to the Office of the Auditor-General:

3.1 Annual Performance Report – Narrative Report the Municipality has provided a narrative in the Annual Performance Report and depicted the performance of the Municipality under each key performance area.

Recommendations The municipality is advised add a table indicating all KPA's and the actual achievements per KPA, this is a summary of pages 16 to 31.

Please review all narratives for grammar corrections and spelling, the municipality needs to ensure that there is an alignment of the IDP, SDBIP and APR. Ensure that all targets achieved are supported with the relevant POEs to justify the achievements of the targets.

The details in each KPA needs some attention i.e., Basic services performance is 48% however Municipal Transformation does not clearly indicate % achieved of the 33 targets, LED KPA indicates 10 targets for LED section and 33 from OMM however there is no summary of the components and the percentage achieved. It is advisable that there is consistent reporting between the KPAs i.e., either use a percentage or a number or both, the reporting manner need to be kept the same, be consistent in all.

3.2 Annual Performance Report – Scorecard Template Please ensure that the APR is aligned to the performance targets in the SDBIP and IDP. The municipality must ensure that corrective measures are included where targets were not achieved NB, inclusive of original SDBIP targets and the revised SDBIP targets. It is strongly advised that for all targets not achieved (red targets) that the challenges /reason for deviation be completed and that the corrective measures on how the target will be achieved going forward be included.

3.3 Assessment of The Performance of External Service Providers the Municipality is commended on including the assessment of the services providers however it is recommended that only an annual review be included. The month review needs to be summarized into an annual review and the performance of the Service provide be assessment as such. In line with previous findings by the Office of the Auditor- General, the Municipality is advised to ensure that the Portfolio of evidence is available and credible to verify the performance stated to avoid any material misstatements. COGTA: MPMRE is committed to providing and strengthening our support to the Municipality and trust that our comments will be considered and would serve to improve the Municipality's commitment to improve performance.

Yours faithfully

K. SUBRAMANIEN DEPUTY DIRECTOR: MUNICIPAL PERFORMANCE MONITORING, REPORTING & EVALUATION

The Public will be invited to the tabling of the Annual Report to Council on 24 June 2021

5. THE OVERSIGHT REPORT

This Oversight Report is for the financial year ended 30 June 2020.

The Annual Report was presented to MPAC on 15 June 2021 and the following matters were raised and noted at the workshop, the minutes thereof annexed hereto:

Chapter 1 – Introduction & Overview

The foreword of the Mayor as well as the Municipal Manager's overview were both noted.

Chapter 3 – Human Resource and Organisational Management

The period under review was affected by the Covid 19 pandemic. The organization managed to handle the situation as it arose, with the ensuing challenges. Offices were on a number of occasions, closed as employees tested positive for the virus, resulting in lost time however we still managed to meet all necessary deadlines like month end activities. Covid 19 awareness was aggressively pursued ensuring employee safety. Employee training was initially limited as physical trainings could not be done but as the organization adjusted working online became the norm. This is a period when labour relations were not at its optimum due to the suspension of union representatives.

The position of the CFO was occupied by an Acting employee during this period and still remains so I the 20/21 FY.

The annual performance reports of the municipality and entities.	Section 46, MSA requires municipalities to submit a performance report reflecting the performance of the municipality and each service provider, a comparison of the performance with targets set for the previous year and measures taken to improve performance. The report must form part of the annual report. Questions that may be considered are – ✓ Has the performance report been included in the annual report? ✓ Have all the performance targets set in the budgets, SDBIP, service agreements etc., been included in the report? ✓ Does the performance evaluation in the annual report compare actual performance with targets expressed in the budgets and SDBIP approved for the financial year? If so, are any explanations been provided by the municipal manager and are these satisfactory? Council should comment and draw conclusions on information and explanations provided.	The S57 managers' performance contracts are made up of the departments' targets. The issues with under performance in some instances have been acknowledged by management. Some issues from current audit will be carried over to the new financial year. The audit report was delayed thus the Action plan could only be finalized thereafter. With some activities extending over a period resolving the issues will only be realized in the new year. Council believes that the Audit Corrective Action plan if monitored closely and implemented appropriately will achieve the desired outcomes
Audit reports on performance.	Section 45, MSA requires that the Auditor-General must audit the results of performance measurements, as part of the internal auditing processes and annually. Have the recommendations of internal audit been acted on during the financial year? Have recommendations by internal audit and/or the auditor-general been included in action plans to improve performance in the following year?	Although Council has made considerable progress, the concerns of the Committee in respect of the Performance Management System is noted.
Performance of municipal entities and municipal service providers.	The annual report of the municipality should provide an assessment of the performance of the municipal entities and all contracted service providers. This is in addition to the separate annual reports of the entities.	Consolidated reports account for the entities as well. Council is satisfied with the explanations

INFORMATION REQUIRED TO BE INCLUDED IN ANNUAL REPORTS	COUNCIL CONSIDERATIONS AND QUESTIONS	RESPONSES/ COMMENTS

Details of any future IT proposals should be summarised. Council should comment and draw conclusions on the information provided.	Chapter 2 details Information Communications Technology (ICT) activities and progress The municipal website is kept up to date as legislated. Refer table 2.10.1 Projects achieved are on page 8 of the AR. There was no capital expenditure.
Three-year capital plan for addressing infrastructure backlogs in terms of the Municipal Infrastructure Grant (MIG) framework.	A summary of the long-term capital plans and how these address the backlogs of services in the municipality should be provided. This should include details of types and scale of backlogs, projected cost implications, strategies to address the backlogs and plans proposed and/or approved. The summary here should cross reference to the performance reports in the annual report and will be highlighted in the coming budgets. Council should consider whether the plans appropriately address the backlogs and are consistent with the strategic policy directions of council and needs of the community.	Refer to Appendices M and N for capital expenditure. For this the municipality is grant dependent and 71% of this was spent. Component A in Chapter 3 does indicate where the backlogs are however the issue is with this being a moving target. The adopted Turnaround Plan further addresses what would be needed to eliminate same. The challenge is the capital outlay required.
6. Other considerations recommended		
Timing of reports.	Was the report tabled in the time prescribed? Has a schedule for consideration of the report been adopted?	The legislated time period for the audit was amended country wide. This resulted in all ensuing reports being delayed as well. The Annual Report was tabled to Council in May 2021 and submitted for public comment, which closes on 21 June. So far, no comment has been

Oversight committee or other mechanism.	What mechanisms have been put in place to prepare the oversight report? Has a schedule for its completion and tabling been adopted?	Oversight Committee formed. Yes.
Payment of performance bonuses to municipal officials.	Refer to Section 57 MSA as amended. Bonuses based on performance may be awarded to a municipal manager or a manager directly accountable to the municipal manager after the end of the financial year and only after an evaluation of performance and approval of such evaluation by the municipal council. Preferably such evaluation should be considered along with the annual report. The basis upon which performance is evaluated for payment of bonuses should be reconciled with the municipal performance reported in the annual report. Have bonuses been paid based on achievements of agreed outputs and after consideration of the annual report by council? ✓ If so, has a proper evaluation of performance been undertaken? ✓ Was the evaluation approved by council? ✓ Does the performance evaluation align and reconcile with the performance reported in the annual report? If not, what reasons have been given for non-reporting of the basis of evaluation in the annual report? ✓ Are the payments justified in terms of performance reported in the annual report?	No performance bonuses were paid to any Section 57 Managers.
