

ERRATUM NOTICE

THE IMPLEMENTATION OF WATER SERVICES INFRASTRUCTURE GRANT (WSIG) FUNDED PROGRAMME WITHIN UGU DISTRICT MUNIICIPALITY FOR A PERIOD THIRTY-SIX (36) MONTHS

CONTRACT No: UGU-07-1538-2020

With reference to the above-mentioned bid as advertised in this publication on **Friday, 28 February 2020**, kindly note that there were some errors on the tender document, please note the following amendments.

The following were highlighted to be issued as an erratum:

- The Ugu District Municipality invites tenders from Professional Service Providers registered with ECSA and CESA with institutional knowledge of the Ugu DM Water and Sanitation Services Infrastructure. **This refers to the experience and knowledge that could have been acquired from any other Water Services Authority as indicated in the evaluation criteria. It does not mean that only experience obtained from Ugu DM will be considered.**
- Professional Service Providers registered with CESA or any other recognised professional bodies like SABTACO will be considered.
- No queries will be taken after the **27th March 2020** and not 06th December 2019.
- The Construction Industry Development Board grade will not be considered in this tender as it requires Engineering Consultants and not Contractors.
- Under the Schedule of Quantities, item C1 refers to **Provisional Sum** and not just Sum.
