Umuziwabantu (Harding), climate change impact is real and critical for you. You are in the Inland Southern Zone and have been experiencing drought significantly since 2015. Hot conditions from now on are not going to be easy for you.

The use of Fire hydrants and Fire hoses is strictly for fire fighting only.

Car washes may use buckets only and no other systems, unless it is recycled water. Filling of pools with municipal water is forbidden.

Water Restrictions will continue until the municipality reaches satisfactory water conservation levels.

The use of hosepipes and/or any sprinkler or irrigation systems is forbidden.

Allowing taps and showers to run unattended as well as leaking cisterns, pipes and taps will be regarded as an offence.

ANYBODY ENGAGING IN ILLEGAL CONNECTIONS WILL BE PROSECUTED

CUSTOMER COOPERATION IN THIS REGARD WILL BE HIGHLY APPRECIATED AND FAILURE TO COMPLY WITH THIS NOTICE WILL RESULT IN STRICT FINES UP TO R4 000 BEING ISSUED.

STATIC TANKS HAVE BEEN PLACED AT STRATEGIC POINTS FOR RELIEF SUPPLY
