*Ugu DM Mayor Cllr I.S. Mqadi, Speaker Cllr S. Ngcobo & Portfolio Chair Cllr M. Ngwane*

Ugu District Municipality Recognised the need to implement replacement and refurbishment of sewer pipeline infrastructure for Harding Town. A refurbishment to the WTW is vital to improve it's operational capacity to ensure it meets the green drop requirement.

Replacement and refurbishment of pipeline infrastructure will enable Ugu to realize opportunities and mitigate operational challenges in the WTW. Economic development and quality of life for people living in Harding is envisioned.

A total of 185 suburban homes will benefit from this project daily, with a total of 100 businesses, municipal buildings and government institutions in the CBD also to benefit from this project.
